Known worldwide as the nation's pheasant hunting capital, South Dakota offers the ideal habitat and terrain to hunt the impressive Ring Neck Pheasant. South Dakota consistently produces the highest populations of pheasants and the rolling grasslands are spectacular. The days at Thunderstik Lodge have a gentle flow as daily schedules are unrushed, allowing hunters to relax. Whether it's a corporate hunt or an annual gathering of friends, every group takes the hunting and activities at a pace that fits their needs and expectations.

As you head to the field, things ramp up as clouds of roosters fill the sky. There's nothing like the cackle of a rooster on a crisp fall morning! When you visit Thunderstik, you will experience great hunting, great accommodations, guides, dogs, spectacular views and a staff that cares about true hospitality!
As you enjoy all of our shooting facilities you will be treated to some of South Dakota's most breathtaking views. You can see miles of rolling hills, cedar trees, mule deer and a spectacular view of the Missouri River.

SPORTING CLAYS

Our ten station sporting clays course is a fun and challenging way to spend some extra time shooting. The sporting clay course is outfitted with professional grade Promatic throwers, which will increase the variety and excitement of your shooting experience. Whether you are knocking off some rust, engaging in some friendly competition or just trying to break your own personal best you are sure to find this course a blast. Shooting sporting clays is included in the regular Thunderstik hunting package so take advantage of it and shoot all you want. The rest of the year, we will open the courses for groups of five or more with an advance reservation. It has been a fun addition to a meeting or even something to keep the groomsmen out of trouble before the big wedding!

GAME CLAYS – SHOOTING TOWER

The games clays are perfect for a warm up before the hunt or a practice session in the afternoon. Similar to an enclosed 5 stand, this location has 6 shooting stations and 5 automated clay target throwers. We have the ability to throw a variety of different target trajectories and speeds all from one static locations. The games clays are fun and a challenge for the best of shooters!

SKEET & TRAP RANGE

When designing our skeet range we were very careful to make sure the layout follows official skeet range guidelines. The skeet range is great for avid shooters and it's a great way to incorporate some competition into your shooting activities. The skeet range is designed to incorporate all shots hunters will encounter in the fields leaving few, if any, possible field shots unpracticed.
LONG RANGE RIFLE

The Historic Thunderstik Lodge invites you to use our new Long-Range facility. Nestled in beautiful scenery looking over the rolling hills of the Missouri river, only a few steps from our main lodge. Coupled with world class pheasant hunting, historic lodging and exceptional cuisine, our long range course offers addition entertainment and exposure to large caliber shooting. If you are new to the sport and would like to get instruction during your stay, this addition to our property is perfect. On the other hand, if you are an experienced shooter and would like to sharpen your skills, our long range is expertly designed with you in mind. Your group can pre-arrange to have Tannerite targets set up for fun or fun competition.

Historic Thunderstik’s Long Range complex is a marksman’s dream. We have designed a mile long (1500 yard) dedicated range with the help of industry experts. The field has incremental metal target stands every 100 yards and is anchored with a sunken shooting deck housing over 6 different shooting lanes. Our goal was to make a facility perfect for shooters of all levels, but challenging enough for an expert marksman to hone his craft.

“I have rarely experienced a professional group so dedicated to giving the hunter a memorable outdoor experience. I believe that I enjoyed most the fact that the lodge is located smack in the middle of the best hunting group I’ve ever seen. This, of course, means that a sleepyhead like myself didn’t have to bail out of a motel downtown and then ride 50 miles over rough roads to get to the pheasant fields or the duck and goose blinds.”

John Satterwhite
Olympic Shooter and World-famous Shotgunne

“Not only did we accomplish our goal of discussing strategies related to our business, but we also managed to build our team by sharing an incredible adventure. The accommodations were great, the view outstanding and the hunting was second to none.”

Minnesota Client

“I’ve always loved to hunt and have never seen anything close to what you guys have to offer. Everyone has been so kind, the food unbelievable, the hunting—the best I’ve ever seen!”

Kent Hrbek
Former Minnesota Twins First Baseman and World Series Champion

“On behalf of myself, Anheiser-Busch and our wholesale family, we would like to thank you for a spectacular hunting excursion. As predicted, the lodge worked out perfect to conduct our meetings and entertain our guests. I would also like to thank your entire staff. Any successful lodge operation involves the team effort of many individuals. Often those people go without recognition or thanks. Thanks to their efficiency and attention to detail, Anheiser-Busch was able to provide our guests with first-class hospitality. Professionalism at its best.”

CORPORATE EVENTS

Any event sponsored by a company that targets its employees or clients can be called a corporate event. Unlike most traditional corporate events, we offer an event unlike anything you have ever experienced before.

The goal of most corporate events is to build trust, teamwork, recognize achievements and build tight connections with new or loyal clients. Imagine the shared experience and the bonds that can be built when you combine your dedicated team of professionals with ours!

MEETING, DINNERS AND FULL ACTIVITIES

We have a full-time staff of trained professionals that include marksmen, guides and our own personal chef. We never mix groups, so you don’t have to worry about anyone interrupting your time here. This will give you the time you need to have that one on one time as well as group bonding.

There is no better way to build a long-lasting bond with your team than taking them to our 7000 acres of hunting land. Forget the hotel retreat with continental breakfast, grueling conference room meetings and sightseeing activities. This is the one place where you can eat, meet and shoot & hunt at the same place. Pheasant hunting is perfect for non-hunters and beginning hunters.

CORPORATE MEETING GAMES

Your standard corporate event planner may have some pre-planned games or activities in place. We actually don’t have any set corporate meeting games. We think that hunting pheasants or shooting at our rifle range or sporting clays course is fun, but here are some ideas. Take the meeting notes and use them to start a fire in the fire pit, then head over to the rifle range and pop off a few rounds.
